Who Are We?

Bovian TTC is an 8(a) SDVOSB Joint Venture specializing in providing innovative and flexible strategy and technology solutions. Comprised of Bovian Enterprises LLC and Technology and Communication Consultants (TTC) Inc, our team has the strength, capability, and reliability of a large business with years of support to Federal organizations with the proven past performance and the flexibility of a small business.

We deliver best value Professional Services and Information Technology (IT) services and solutions through the innovative application of our team members' experience and use of current, innovative technologies. We offer the experience, creativity and intellectual capital of a large services firm and combine it with the entrepreneurial spirit and client focus of a small business.

We are a STARS III Prime Contract Holder.

 STARS III is a small business set-aside GWAC, that provides flexible access to customized IT solutions from a large, diverse pool of industry partners. Along with competitive opportunities, Bovian TTC may also receive direct awards (sole source) contracts for \$4M to meet your service needs.

Our JV seeks to help leaders identify IT efficiencies, execute IT strategic plans and develop custom software solutions to enable information sharing.

We provide affordable technical expertise with a company you will actually like doing business with.

We deliver technical solutions for cloud, cybersecurity, data analytics, SME's and professional services.

We help Defense and Civilian Agencies redefine the way they use, care for, and share their data and information to accomplish the mission.

Our people modernize enterprise IT environments for government customers and maintain them via their preferred service delivery methods.
